Program Descriptions

ACT vs SAT: (9th-11th Grade) Find out which test is right for you. A presentation demystifying the two different exams, where we explain the exams as well as to help you determine which behemoth to take on. During the course of the lecture we will touch on the history of the tests along with some strategies for how to deal best with them.

Free SAT Practice Test: (9th-11th Grade) Nervous about taking the SAT? Come to this session to take a practice test to calm your nerves and find out what the SAT is all about.

Understanding the College Essay: (11th-12th Grade) The program will explain the expectations for what an outstanding college essay entails, going over the “Common App” and the other most common questions that you will encounter. **Students are strongly encouraged to bring their parents to the workshop.**
