

South Plainfield Public Library Presents:

Edible Wonders, Edible Petals

Beautify your garden with flowers and flowering herbs that are safe to eat! Certain flowers are not only beautiful to behold, but also edible. Please join Althea as we explore the world of edible flowers, try our hands at creating candied flower petals, and sample a floral treat.

Althea Llewellyn is an Environmental Educator, Speaker and Square Foot Gardening Specialist. She is First Vice President of the Master Gardeners of Union County. She is both a Certified Master Gardener '12, and Certified Square Foot Gardening Instructor. She specializes in a method of gardening created by Mel Bartholomew called Square Foot Gardening. She creates gardening programs; implements gardening workshops; and conducts gardening presentations for both adults and children at a Historic Arboretum in Summit.

May 4 2pm

REGISTRATION REQUIRED

TO REGISTER, PLEASE CALL THE SOUTH PLAINFIELD LIBRARY AT 908-754-7885
