

# *It's All Relative: Genealogy Program*

**Finding records to aid in your family history research will cover the best places to find information about your family using Ancestry, Family Search, Fold 3 and others. It will also cover a little about family tree building and DNA testing.**

Eric Migdal, owner of It's All Relative, LLC, has over 25 years of experience in the field, including coaching clients in safely and effectively contacting family members, understanding their DNA match results and analyzing their ethnic backgrounds. He has also trained with the National Genealogical Society.

**WEDNESDAY JULY 21 AT 6:30 PM**

**Visit [southplainfield.lib.nj.us](https://southplainfield.lib.nj.us) to register for this event. Once you have registered you will be sent the link to join the program.**

*online @South Plainfield Library*
