Board Votes NO to Iboards Along Rt. 28

The Board of Adjustment voted unanimously to deny all three billboard applications at Tuesday night's meeting.

50 CENTS

A crowd of 30-40 residents were on hand asking board mem-bers to reject all three the billboards. Residents have been attending the previous four meet-ings, listening to the expert testi-

mony of the applicants. Three applicants for billboards, two from Carole Media, and one from AMI, were asking to erect billboards along Route 287. All three billboards were v-shaped, 2sided signs, 50 feet high. Both sides would have been lit with five 400 watt bulbs from dusk to dawn. A similar billboard has already been erected in Bridgewater and can be seen for miles. The first proposed billboard would have been on property next to four residential homes. The applicant's maps had houses marked incorrectly, putting them even closer to the billboard. The second billboard would have been on the roof of Flex-Pak on Durham Ave. It would have been visible to motorists on both Durham and Hadley. The third would have been erected behind the BP Gas station. The base would have been placed 50 to 100 feet into the ground, only eight feet away

from the underground gas tanks. Board Chairman William Tho-mas stated he felt the applicant's did not demonstrate or offer proof that more appropriate sites could

have been found along Route 287. He said the billboards would definitely be visible by the residents surrounding them, even though their planner testified oth-erwise. He added that just be-cause DOT issued a permit and the signs were the size, distance and height regulated by the state, didn't mean the board had to approve the application. He felt they would affect traffic and would be a distraction to motorists.

Thomas added that South Plainfield recently passed a Bill-board Ordinance and he did not feel the Board of Adjustments should vote to overturn that ordi-nance. The applicants is expected to appeal the boards decision in court

Ricochet Racquet Club Sold To The Club at Woodbridge

One of South Plainfield's wellknown landmarks, The Ricochet Racquet Club, is under new ownership. Ricochet, located on St. Nicholas Ave. has been owned by South Plainfield resident, Gary Hamrah for 22 years. The Club was purchased in January by Ray Zirpolo, president of The Club at Woodbridge. Hamrah started the club 22

ears ago with two partners, Harold Snyder and Ron Luster. In the beginning it was strictly a racquet club and a much smaller facility. A year later when Snyder died, Hamrah bought out the remaining partner and took over complete ownership.

In the early 1980s, Hamrah realized that the club needed to expand and he added aerobics, a fitness center and finally an Olympic size swimming pool. Rico-cher's pool has been rated first in New Jersey and 12th in the country

When Ray Zirpolo, president of The Club at Woodbridge, approached Hamrah and made an offer to purchase the Ricochet, Hamrah said that he thought it over and decided it was time. He wants to spend more time with his wife, Candy, his children and his grandchildren. After 22 years of working almost seven days a week, Gary and his wife Candy are looking forward to spending time with their family and doing

Hamrah said he has known Zirpolo for over 25 years and feels very comfortable with putting both the club, the members and it's employees in Ray's hands. He said he would never have consid-

ered selling Ricochet to a national chain, but was willing to sell the club to Zirpolo because of their long-time friendship. He knows that Ray will continue the close relationship the Club has with the South Plainfield community.

According to Ricochet's Gen-eral Manager Rudy Willemsen, members will not be affected in any way by the sale. In fact, a spe-cial promotion is being offered club members which allows them to use both the Woodbridge and South Plainfield facilities at no extra charge. Ricochet has also jus completed upgrading the

swimming pool. The entire staff will stay in place, including Rudy, who has worked at the club since 1989 and been general manager for seven

years. Willemsen added that no changes will be made with any of their popular programs, includ-ing their Summer Day Camp, or with Project Graduation, which has been held at Ricochet for years. They also intend to continue sponsoring the 5K run at the Labor Day Parade and will continue to stay involved in the South Plainfield community.

Zirpolo said the only changes he will make will be to change to the clubs name to The Club at Ricochet to match the name of

the Woodbridge facility, know as the Club at Woodbridge. In a closing, Hamrah remarked that he still lives in South Plainfield and plans on remain-ing an active member of the community.

In My Opinion

To the Editor,

I just received some junk mail from the Board of Education. Soon it will be time to vote again. In election number one, we voted NO to a new Roosevelt School In election number two, we voted NO to put an addition on the

building. Now the Board of Education, came up with a brain storm. They are taking old Cedarcroft School, which they ruined to make administrative space out of and they want money to expand and use it for a school again, after they renamed it Grant School-we had a Grant School that is now being used by the Keystone People. That was an excellent building which we didn't need anymore, so it was sold. Now we are back to building a new Roosevelt School we do not NEED!

In 10 years the school system has increased by only 400 chil-dren. That will be the most of it, as the building is finished in South Plainfield. So we don't need to build another Roosevelt School. Does anyone think a new building will bring better education?

Send us Your Letters/Opinions.

We want to hear from you concerning what is going on around town. We will omit your name by request, but you must give us your name and phone number when you submit your letter. Send your letter/opinion to: The South Plainfield Observer, 1110 Hamilton Blvd., South Plainfield 07080. You can email us at GGNAN@aol.com or fax to 908-668-8819.

Why don't they add classrooms where the gym is now? When I attended Roosevelt School, we had no gym. We used the basement and on nice days went outside. I think our generation learned well.

Or put trailers if the classes are over crowded, which again was caused by our great Board of Education decreasing the sizes of classes to cause overcrowding.

We do not need this extra tax increase in South Plainfield and the sad part about it is the Board of Education doesn't even know how much the new budget will be? How well can they be trusted? We do not need a new Roosevelt School! Make the classrooms to state regulations in size! Don't decrease them, increase them. We are paying the teachers enough money, let them earn it for once!

The mayor and council are trying hard to keep the budget down and to not raise taxes. Did anyone notice we had contractors plowing the streets after it snowed, because we don't have enough of equipment down at the DPW to plow our streets! This extra tax is not needed!

All taxpayers come out and vote NO again for this Board of Education which is a joke and is trying it's best to push this on the towns people. They ruined schools and renamed them and now wish to build a new Roosevelt School again we DO NOT NEED! Remember we always have students moving on, or moving out of the area.

Did you read what our new president did? He signed a bill that will take money from ailing schools like South Plainfield and is going to give parents the money

If you have any questions, please call Stacy Lake at 757-9531. instead, to send their children to private or Catholic Schools to get a better education, so they will not be forced to suffer getting a bad education and will have a chance in life. I think the Board of Education should be happy with any money they received from the State and use it as needed.

I still want to know now for the 10th time what happens to the money left over at the end of the year? Those poor students in the Middle School are still going without heat and without air condi-tioning for the second straight year! How dreadful that must be! I was willing to install a new boiler made in China for half the price.

VOTE NO against a worthless Board of Education!

TONY PISANIELLO P.S. I use my real name.

From the South Plainfield Library Bookmapks

By Kenneth Morgan

As we move into February, here's some news from the South Plainfield Library:

We'll start this week by running down some upcoming items from the Friends of the Library. On Sunday, they'll be presenting the special program, "A Visit with George Washington" at 2 p.m. William Sommerfield, an actor with the American Historical Theatre, will portray Washington. Admission is free and no pre-registration is required. On Tuesday morning at 10:30, the Friends will hold their next regular meeting at the Library. Members and nonmembers are welcome to attend. Finally, the Friends are still accepting Romance books, in both hard cover and paperback, for their sale on Saturday, Feb. 10. Please put your donations in the marked container near the main desk.

We'll be following our usual Storytime schedule next week. For those unfamiliar with said schedule, the programs are held on Tuesday mornings at 10:30, Wednesday evenings at 6:30 and Thursday afternoons at 1:15. Each program is for children ages three and older. No pre-registration is required. If you have any questions, please check with Children's Librarian Linda Hansen.

A bunch of videos have just been added to our collection. In our general section, the new additions include *This is Spinal Tap*, *The Unsinkable Molly Brown*, a tape of short subjects from the *Mystery Science Theater 3000* series, *The Perfect Storm* and, on DVD, *Jurassie Park* and *The Lost World*. Over in the juvenile section, we now feature Pokemon the Movie 2000, two tapes featuring Rotten Ralph, Fantasia 2000, Chicken Run and Franklin and the Green Knight. In addition, the group of Circuit videos for February is now in place. Videos and DVDs may be borrowed, four at a time, for two days.

As more and more people come to the Library looking for tax forms, we should note one important fact: We at the Library are limited in the kind of assistance we kind provide. We can give you specific tax forms you request, either original forms or photocopies. And, we can provide you with contact information (phone numbers, addresses, etc.) for the various tax agencies. However, we are strictly prohibited from giving specific tax advice, like which forms to file, which deductions to take, and the like. For that, you're much better off checking with a qualified tax advisor, like an accountant.

Finally, a note about paging of the non-book kind. Our phone system allows us a modest public address capability. This is usually used for closing announcements and warnings like, *Tour lights are* on. On occasion, we can also page people to the main desk in response to phone calls. However, please be advised that this is a courtesy and should only be used in urgent or emergency situations. Please bear that in mind.

And please bear in mind that you can get the latest Library news every Friday right here. Thanks for your time. See you next week.

Former Resident Vincent Maglio, Donates \$1.5 M to St. Joseph's Building Fund

By Patricia Abbott

Vincent Maglio, a former South Plainfield resident, recently returned to New Jersey to bequeath a gift to his alma mater, St. Joseph's High School in Metuchen. St. Joe's, founded in 1961, had begun a \$6.5 million "Building for the Next Century" campaign. The Alumni Association approached him and told him of the fundraising effort that will culminate in a major expansion and renovation of the private school. They inquired if he would be interested in helping the building fund. This was a chance for him to give back just a bit of what the school had given him.

A supportive family and his years at St. Joe's were important influences in his life. Vincent believes that St. Joe's helped shape his life; the school pointed him in a positive direction and gave him the conviction to succeed. The 1966 graduate felt compelled to give his support to the school, he made a generous donation of \$1.5 million dollars.

Vincent grew up in South Plainfield and lived on Clinton Ave. between Cherry and Walnut streets. His early years saw him attending kindergarten at the

Rescue Squad Gets Special Tire Chains

The South Plainfield Rescue Squad will be getting a state of the art set of automatic chains for one of their rigs.

During recent snowstorms, the squad had to make a choice of driving with or without chains when answering emergency calls. Chains cannot be used on cleared roads, because they will damage both tires and the roadway. When we had the recent snowstorms, chains were put on and then taken off numerous times.

During a snowstorm, the main roads are cleared down to the surface, but the side streets are not cleaned as quickly. So the squad has to decide whether or not to use chains on just about every call. Chains take a long time to put on and remove.

The new automatic chains are installed under the rig and with just a push of a button, automatically come down in front of the rear tires and rotate. The chains do not have be constantly installed and removed by squad members, saving hours of time. They will also save the wear of the tires of squad vehicles, as well as saving our roads from damage.

Councilman Dennis Cerami asked the council if they could purchase just one set this year and explained the problems the squad was having iin the snow during the winter months.

The winning bidder was Absolute Fire Protection, who bid \$2,575 and the council voted to accept the bid during January's council meeting.

council meeting. According to Rescue Squad Lt. Ron Sward, "This will greatly aid the squad for the rest of winter. We hope that next year, we can purchase another set and have two rigs winter ready."

former Willis School on New Brunswick Ave. After Willis he attended Sacred Heart for grades one through eight. He recalled his seventh and eighth grade teachers as Sister Susan and Sister Elizabeth, while uncertain he vaguely recalls a Sister Alma as the principal. Additional South Plainfield memories include sledding on the hill by Stockoff Farms, now the corner of Laurel and Clinton Ave. He remembers the fresh corn and tomatoes purchased from the farm, lemon ices at Esposito's Market and getting his hair cut at Charlie LaCosta's Barbershop on Plainfield Ave. His parents felt very strong

His parents felt very strong about parochial education because of the discipline and values instilled in students in this type of education. His initial introduction to St. Joe's was less than ideal, he failed to pass the entrance exam. He explained how his parents pleaded to have him accepted, promising that he would perform better once he was at the school. He remembers the tuition in those days as \$300 and he had to work at Mondoro's farm on New Brunswick Ave. to help pay for his tuition.

His parents' persistence paid off. Vincent describes himself as an average student who was motivated by St. Joe's environment to strive for more and *Continued on page 14*

fully evaluated. Outdated mate-rials were pulled from the collection and replaced with books, audiovisual titles, and journals. These materials were selected with the interests of our public in mind, as well as the school assignment needs of our students.

Currency, accuracy and the reading level of the materials were carefully considered in the purchase of new materials. We also tried to provide a wide range of interesting and helpful books on common health issues, such as cancer and melanoma, stress

reduction, arthritis, alternative medicine, etc.

New books in our science collection run the full gamut of subjects: biology, astronomy, earth sciences, math, physics, chemistry, ecology, environmental science, evolution and animal study.

All these materials, including videos, are free to library card-holders. With over 400 new items to choose from, there is something for everyone. In addition to these materials which can be borrowed, the library also offers a website with useful links for all your information needs from tax preparation, business and finance, to travel. Middle School Wrestlers Keep Rolling Along

RECREATION WRESTLING

By George D'Alessandro

South Plainfield Middle School wrestlers upped their record to 15-1 and remained unbeaten in head to head league matches. After beating Phillipsburg for the second straight year, the middle school team steamrolled past Randolph 78-12, Rahway 51-24, Hillsborough 58-16 and Roselle Park 42-18 and capping off their run with an 85-0 roust of South River.

Boasting one of the most balanced lineup in recent years, the team has had only one serious challenge in their 15 wins. Leading the way for the Middle School were eighth graders, Anthony Costante, Paul Ritchie, Peter De Andrea, Kyle Bostick, Rob Masticle and Jeff Toolan. These six were a combined 25-1.

Seventh graders Jimmy Conroy, Matt D'Alessandro, Nick Curcio, Anthony Niemczyk, Jomar Beverly, Kevin Crilley and Anthony Fierro also did very well, combining for a 16-8 record over the same time period. The sixth grade class, which has proven to be one of the strongest and deepest in recent years, has made the light weights very formidable for this team. Lead by Robert Gentile, Billy Ashnault, Nick Dorey, Bryan Hunt, Mike Jakubik, and Sam Martin, these six combined for a record of 16-1.

The Middle School wrestlers also fared well in the Roselle Park Tournament. Putting nine wrestlers in the finals, the team was lead by Jimmy Conroy and Kevin Crilley, who took first place in their respective weight classes.

Eighth graders, Kyle Bostick and Rob Mastcle took second place along with Jomar Beverly, Robert Gentile, Billy Ashnault, Nick Dorey and Justin Huffsmith. Anthony Costante and Shawn Mc Carthy took home fourth place finishes.

Also winning matches but not placing in the tournament were Greg Yefko, Bryan Hunt, Peter De Andrea, Paul Ritchie, Sam Martin, and Anthony Niemczyk.

Lady Tigers Unbeaten Streak Broken by Colonia

Despite Melissa Jamiesons' games of 191 and 221 and 575 high set and Sabina Montanero's games of 197 and 191 and 554 high set, the girls bowling team was knocked off from the unbeaten ranks when they could not keep up with the hot shooting Patriots of Colonia. The Tigers tried to settle for a tie, but Colonia eked out a six pin victory in the first game and a four pin edge in the finale. The loss dropped the Lady Tigers to 15-1-1

No. 1 State Team Stops **Boys Bowling Team**

The Boys Bowling Team bowled well, but was over-matched by the state's number one team, as they absorbed a three game sweep. Ray Tomei's games of 207 and 215 for a 588 set, led the Tigers in the upset bid. Chipping in were Paul Larisch with games of 196 and 191, Eric Gaub's 244 game and Rishi Ramgobin games of 183 and 187. The boys record stands at 10-5.

Lady Tigers Rebound in "Must" Win Over Middlesex

With Melissa Jamieson sidelined, Sabina Montenaro picked up the slack as the Girls Bowling Team cruised to a shutout victory over Middlesex. Sabina's 213 high game and 528 set received sup-port from Danielle Larisch with a 190 game, Meredith Cooper with a 165 and Vicky Boley, who bowled a 160. The Lady Tigers, with their 16-1-1 record, face rival Carteret in the Division Crown next.

Tiger Boys Upset Middlesex Again

The Boys Bowling Team, 11-5, shutout a very good Middlesex squad by almost 200 pins. Paul Larisch led the Tigers as he fired games of 225 and 230 for a high 624 set. Ray Tomei bowled a 230 and Eric Gaub who bowled games of 223 and 190, for a 578 set, also bowled well. Chipping in were Jeff Smith with a 189 game and Jay Patel with a 186 game.

Lady Tigers Crush Carteret To Win White **Division Championship**

The Girls Bowling Team faced once beaten Carteret in a showdown match to decide the White Division Championship. The Tigers, with accuracy, de-

termination and a solid team effort swept all three games in convincing fashion to claim the crown. Leading the way were Melissa Jamieson with games of 214 and 207, for a 602 set. Freshman Vicky Boley bowled a 245 high game and 566 set. Sabina Montenaro bowled games of 181 and 205, for a 518 set.

Also three solid games from

Meredith Cooper and Rachel Feller with a 176, Kristen Herzog, with a 172 as the third seeded Ti-gers improved their record to 17-I-1 and prepare for the GMC Tournament action next week. Congratulations girls!

Vincent Maglio Donates \$1.5M to St. Joes

Continued from page 3 achieve his potential. He was a member of the school's track team for four years. Described as a prolific shot putter in his senior year, he capped his track career with a win and a meet record at the NJ Catholic Conference Championship with a throw of 58'9 ¹/4". Even today the 35-year-old record would place him in the top five in the state.

After graduating, Vincent earned a degree in accounting. A stint in the military ended in 1973, and he joined A. J. Maglio Company as an electri-cal estimator and worked his way up to president by 1985. In 1986 he founded the Maintech Corporation, which specialized in the outsourcing of mechanical and electrical maintenance services for mission critical environments. The company quickly became the only mechanical/electrical service worldwide to be "ISO 9002" certified. In 1997, he sold Maintech and retired to Florida where he remains a trustee on several corporate boards.

When asked what it was about St. Joe's that remained with him for 35 years and prompted his gift, Vincent replied, "What makes St. Joe's special is the ability to take an ordinary student and mold that boy into an extraordinary man. The school and

faculty focus their efforts on the process not the results. The teachers promote the fundamentals; hard work, education, morals and participation. These values are necessary for us to achieve our potential as human beings in every phase of our lives. Success is measured in how much you improve, not what place you come in. Competition is internal and used as a motivational tool not a yard stick."

Memories of St. Joe's are about the Brothers of the Sacred Heart as "car-ing and very committed men." His high school days were a peaceful time, where the school and the Brothers were "...nurturing, and supportive, providing structure to my life with

great ease at a time when I needed it. These lessons have carried over to ev-ery facet of my life." Vincent described St. Joe's as "The school of choice for young men in central NJ. I want to sustain the traditions of the Brothers of the Scared Heart, who had such a profound influence on my life and the lives of so many others My hope is that St. Joseph's continues to provide an environment where young boys can grow into young men with the character, fortitude and knowledge necessary to not only pursue but accomplish their dreams

He concluded with a simple, but heartfelt sentiment. Referring to his gift Vincent said, "I am grateful for the experience and humbled by them for letting me participate in the future of so many other young men." In recognition of his generosity and dedication to St. Joseph High School, the new athletic complex will be named in his honor.

An additional substantial gift was made by Steven J. Pozycki, class of 1969, who donated \$1 million to the campaign. The funds will help build three new science laboratories, two lecture classrooms, an athletic com-plex, a new library and media center, all featuring state of the art equipment and technology. Ground breaking is scheduled for April of this year.
